PROFESSIONAL SUMMARY

Dedicated and resourceful **Biochemistry Educator** with over 8 years of progressive teaching experience at secondary and college levels. Skilled in delivering engaging, research-oriented instruction in Biochemistry and Life Sciences. Committed to fostering a stimulating academic environment that promotes inquiry, analytical thinking, and scientific literacy among students. I am passionate about curriculum development, student mentorship, and the integration of practical laboratory experiences into classroom teaching.

TEACHING PHILOSOPHY STATEMENT

My teaching philosophy is built on the belief that **education should cultivate curiosity, creativity, and critical thinking**. As a Biochemistry teacher, I strive to make science tangible and relevant by connecting theoretical knowledge to real-world biological and chemical processes.

I adopt a **student-centered approach**, encouraging active participation through discussions, experiments, and problem-based learning. I believe that every student, when properly guided and motivated, can master complex scientific concepts.

I also integrate **practical laboratory experiences** to enhance understanding and inspire a love for research and discovery. By fostering teamwork,

accountability, and independent thought, I aim to produce scientifically literate individuals capable of contributing meaningfully to society and the scientific community.

CORE COMPETENCIES

- Advanced knowledge of Biochemistry and Life Sciences
- Curriculum design and academic planning
- Student-centered instructional strategies
- Laboratory and experimental supervision
- Research guidance and academic mentoring
- Classroom management and student evaluation
- Communication and interpersonal skills
- Team collaboration and staff coordination

EDUCATIONAL BACKGROUND

University of Nigeria, Nsukka — *B.Sc. Biochemistry*

2008 – 2012

Holy Ghost Secondary School, Umuahia — *Senior School Certificate*

1998 – 2004

Afikpo Primary School, Ivo L.G.A — *First School Leaving Certificate*

1991 – 1996

PROFESSIONAL TEACHING EXPERIENCE

Winners Advance Success Academy, Lagos

Biochemistry / Science Teacher

2023 – Present

- Design and deliver lectures and practical sessions in Biochemistry and General Science.
- Guide students in laboratory work and scientific investigations.
- Prepare assessment materials and evaluate student performance.
- Mentor students on academic and career development.

Whiteland College, Ejigbo, Lagos

Science Teacher (Biochemistry & Biology)

2015 – 2021

- I taught senior secondary classes in Biology, Chemistry, and General Science.
- Coordinated laboratory experiments and ensured safety compliance.
- Developed lesson plans aligned with WAEC/NECO curriculum standards.
- Contributed to curriculum review and extracurricular science projects.

ACADEMIC AND RESEARCH INTERESTS

- Biochemical analysis and human metabolism
- Molecular biology and enzymology
- Educational research and teaching innovation
- Environmental biochemistry and sustainability education

TECHNICAL & SOFT SKILLS

- Microsoft Office Suite (Word, Excel, PowerPoint)
- Laboratory instrumentation and safety procedures
- Excellent written and verbal communication
- Team collaboration and leadership
- Strong problem-solving and analytical skills

HOBBIES

Reading | Research | Writing | Traveling | Football
